Today's Big Idea is...

God Leads The Way

In today's part of The Big God Story, we learned that the Israelites followed God through the desert as He led them to their new home. Even though some Israelites were stubborn and didn't want to follow God, many did follow Him because they knew He was their God and they were His people! For 40 years, Moses and the Israelites followed God's lead while they traveled in the wilderness. Moses became very old, so God chose a new man named Joshua to take his place. God told Joshua that he was going to perform a miracle so that the Israelites knew that Joshua was their new leader. God's people were getting really close to the Promised Land, but first they had to cross a huge river called the Jordan! God told Joshua that the priests should put their feet in the river first. Just like that, the water parted! The Israelites had a dry path to walk across! God leads the way all the way! Just as God was with His people leading them long ago, he is leading us today! We can always trust God to lead the way.
