February 22 & 23, 2020

In the book of Revelation, we have the vision that John saw clearly recorded for us. However, we often struggle to know how to go about interpreting that vision. We know what John saw and heard in his visionary experience. But, it is more difficult to grasp the meaning and significance of what he saw and heard. Today we will look at the things John saw and heard in Revelation 10 and unpack their significance and meaning.

1. When we know the **background** of **the images** in **Revelation**, things become much clearer
2. The day is coming when there will be **no more delay** and the **final judgement** will arrive
3. As the Church, we must **share the Gospel** to **lead people to Jesus** while there is still time
