Series Title: Everyday Struggle

Sermon Title: Do Not Fear!

Various Scriptures

Pastor Willy Reimer

Everyday we're hearing new updates on the spread of COVID-19. The updates announce new restrictions on travel, public meetings, and workplace precautions. Schools are closed, some for the remainder of the semester. People are making panic purchases at grocery stores. Panic creates panic which makes it easy to lose perspective on reality. Anxiety has increased. Fear has increased. Do we really need to live in fear? Is that God's plan for us? The Bible's answer is clear, we do not need to live in fear! We do not need to be anxious. This message teaches us how Jesus equips and empowers us to live with peace in the midst of a fearful world.

Remember, we do not **think** as the **world** thinks

Remember, we are **sacrificial**, not **selfish**

Remember, we **shine** Jesus' light, not **hide** it

1. **Pray**
2. **Practical**
3. **Productive**
4. **Proclaim**
