#### Today We Learned About:

God wanted to be the people's King. But the people wanted a human king like everyone else. Samuel told them it was a bad idea, but they did not listen. One day, Saul lost his donkeys. He looked everywhere, but he could not find them. Saul went to Samuel's house to ask for help. He had a big surprise. Samuel had a special message for Him from God. Samuel said, "You will be the king." The people were very happy. Saul was tall, handsome and strong. They had a king like everyone else. But Samuel knew that trouble would soon come. Saul was king for 20 years before he began to disobey God.

#### Family Fun At Home:

Obstacle Course/Blindfold.

Build an obstacle course in your home or backyard with a chair, books, or stool and etc. Give your child 10 seconds to look at the obstacle course and then blindfold them and let them go through the obstacle on their own. Then try again, blindfolded but this time give them instructions like where to walk and when to avoid the obstacle.

\*Talk about how the people blindly followed their own desires instead of letting God be their King. They did not listen to God's warning and trouble came because of Saul's disobedience.
