What is going on in our world today? It is not unusual for someone to ask this question in our time. We are concerned about the COVID pandemic, government messaging, the realignment of global powers, increasing surveillance, the crumbling of moral foundations, rising inflation, and rising food prices. What's going on? A good question.

But, in the midst of all that is going on, there is a more important question. What is going on in my heart and your heart today? Are we ready to receive the treasure that God has for us?

- The most precious seed is the word of God
- The condition of the soil of your heart really matters
  - Stubborn Soil
  - Shallow Soil
  - Stressed Soil
  - Soft soil
- Seed in soft soil produces an impact beyond your imagination
- Allow the word of God to penetrate deeply the soil of your heart!

**Reflection Prayer:** What is the condition of the soil of your heart today?
