

# MICRO BUSINESS CUBA 2024

**Team Leader:** To Be Determined

**Date:** Oct – Nov 2024

**Place:** Havana, Cuba

**Cost:** Estimated \$3000 person

**Team Size:** 4-6 people

World Serve Ministries serves the church in Cuba by providing Bibles, church planting pastor support, theological training, marriage enrichment ministry for pastors, training and financial support for children's ministries and humanitarian aid for specific situations as the need arises. One of the other key ministry areas is assisting with micro business loans and training for Christian business people. The goal is to help the church become self-sustaining.

The team has been asked to assist with WorldServe's Micro Finance Ministry. The team will be involved in working with Christian entrepreneurs to provide training, mentorship, guidance and ideas to help enhance local Micro Business projects. The goal for these Micro Business projects is to equip people with the means to support themselves, family members and the local church as it reaches out into the community in meaningful ways
